

# Group Trip Financial Summary

Our Group Travel trips are package trips through G Adventures (GA). If you are selected onto a trip, the package price shown below will be payable directly to GA and you can pay in part providing full payment is made by the payment deadline listed in the table. The International Travel Committee have prepared as much information as we can regarding the cost of these trips to allow you to understand at the pre-application stage what price bracket these trips will fall into.

Please note however the flight costs listed are based on the information available at the time of the launch information being prepared and cannot be fully confirmed until bookings are made. Therefore prices may fluctuate and no guarantee can be offered by SAYFC of how much the flights will cost.

Travel insurance will be additional to all these costs and it is the responsibility of individual members to book this.
